

Congress of the United States
Washington, DC 20515

June 30, 2016

The Honorable Gene L. Dodaro
Comptroller General
U.S. Government Accountability Office
Washington, DC 20548

Dear Mr. Dodaro:

Since the implementation of the Joint Comprehensive Plan of Action (JCPOA), the Islamic Republic of Iran has continued to engage in money laundering, sanctions evasion, support for terrorism, and proliferation. Any successful attempts by Iran to acquire greater foreign investment in its economy could pose significant risks to the global financial system, and potentially to the U.S. dollar.

Therefore, we are requesting that the Government Accountability Office (GAO) review the executive branch process for identifying entities that are potentially sanctionable under the provisions of the Iran, North Korea, and Syria Nonproliferation Act and Executive Orders 12938 and 13382 for engaging in activities with Iranian sectors connected to space launch vehicles and missiles capable of delivering nuclear weapons. GAO should limit the scope of its review to activities that occurred after the implementation of the JCPOA.

Thank you for your prompt attention to this issue. Please coordinate your work with Katharine Bruce (Costello) at (202) 225-4315 or Katharine.Bruce@mail.house.gov, and Melody Divine (Lamborn) at (202) 225-4422 or Melody.Divine@mail.house.gov.
